

NUDURA Project Profile

Schoeld Army Barracks - Honolulu, Hawaii

FAST FACTS

- A five story, \$74M design-build barracks and support-building complex on Schofield Barracks campus located in Honolulu, Hawaii.
- The project consists of two main buildings, each hosting 100 residential units, that are built using NUDURA® Insulated Concrete Forms.
- NUDURA forms added to the structure's strength, longevity & energy efficiency.
- Performance Value up to R-46. 46.7% energy savings compared to ASHRAE 90.1-2004.
- 10-25% faster than CMU or cast-in-place construction.
- NUDURA forms with concrete core dampened sound vibrations.
- Minimal waste produced during construction.
