

NUDURA Project Profile

Huntsville Condos - Huntsville, Ontario

FAST FACTS

- This tastefully designed building has 36 units on 5 floors (1, 2 & 3 Bed-room).
- Additional fire protection, (above & beyond the Ontario Building Code), provided by way of additional sprinklers in the Lobby, common stair wells and all common hallways.
- Exterior of the building is a combination stone and cement fibre board (siding), to reflect the unique Muskokan style, while providing longlasting, low-maintenance beauty.
- This structure uses a combination of 6" and 8" NUDURA Forms
- Environmentally designed to maintain the natural beauty of the area. Located on one of the highest points in Huntsville to provide panoramic views of Lake Vernon, the Town of Huntsville, Hunters' Bay and the rolling hills of Muskoka.
