RESEARCH REPORT: RR 25595
(CSI # 03100)

BASED UPON ICC EVALUATION SERVICE
LEGACY REPORT NO. ER-6163

REEVALUATION DUE DATE:
January 1, 2007

GENERAL APPROVAL - NUDURA Insulated Concrete Forms (ICF) Concrete Wall System.

DETAILS

The above products are approved under the description, identification and findings in Legacy Report No. ER-6163, dated January 1, 2005, of the ICC Evaluation Service, Incorporated. The report, in its entirety, is attached and made part of this general approval.

The parts of Report No. ER-6163 marked by the asterisk are deleted or revised by the Los Angeles Building Department from this approval.

The approval is subject to the following conditions:

1. Complete design and calculation shall be prepared by an engineer licensed in the State of California and approved by the structural plan check.

2. The form work shall be used in areas where combustible material are permitted by the codes.

3. The maximum allowable pour rate of the forms shall be 4 feet per hour.

4. Continuous inspection by Deputy Inspectors shall be provided for placement of reinforcing steel and concrete. Any exception shall be approved by structural plan check supervisors.

RE: NUDURA Insulated Concrete Forms (ICF) Concrete Wall System

DISCUSSION

The approval is based on tests and analyses.

This general approval will remain effective provided the Evaluation Report is maintained valid and unrevised with the issuing organization. Any revisions to the report must be submitted to this Department, with appropriate fee, for review in order to continue the approval of the revised report.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this Approval have been met in the project in which it is to be used.

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.
