
PRODUCT DESCRIPTION

The One Series Corner Connector is a 10' (3m) component designed to seamlessly join two plypan panels at a precise 90° angle at the corner. Engineered for use with the One Series forms, this connector ensures a secure and stable connection.

BASIC USES

The One Series Corner Connector is used to create strong, accurate 90° corners in One Series form assemblies.

FEATURES & BENEFITS

- The corner maintains a precise 90° corner by securely joining two plypan panels.
- Engineered for a seamless fit, eliminating gaps and misalignment issues.
- Designed specifically for the One Series forms, ensuring compatibility and ease of use.

AVAILABILITY

The One Series Corner Connector is available from your local Nudura distributor. For Distributor locations, visit <https://www.nudura.com/>.

PACKAGING

- Length: 10' (3m)

STORAGE

Store the One Series Corner Connector in their original, undamaged packaging in a clean, dry location away from extreme temperatures.
